What a wonderful experience it has been over the last term and a bit working here at Wisemans Ferry Public School. This school is the happiest place I've ever had the pleasure of working at, and that only comes from a committed team effort by the staff, students and parents. I have never worked with teachers quite like Mrs Longhurst and Mrs Harris before. They truly do care for, and want the best for; your children and they work extremely long and hard to ensure that every student that walks through the gates is cared for and given every opportunity to succeed. This also extends to Mrs Mac who works tirelessly in the office running the school and supporting the teachers and students.

We had our External Validation meeting last week which we successfully negotiated and the Lead Panellist and Peer Principal were in awe of the work that happens at your school. It was a fantastic process and we learned a lot about where the school has been and where it is heading.

I would like to thank everyone connected with Wisemans Ferry Public School for providing such a wonderful place for the children to come and learn and giving me such a magnificent experience. I will be returning to my position at Londonderry Public School where I'm looking forward to boring them with my stories about pizza (with no pineapple of course) and chunky Kit Kats and locking them out of the classroom. On behalf of the community, I would like to welcome Mrs Dorbis and I know that she is excited and ready to work to help our students achieve the best they can.
